Plunkett's Engineering & Research Industry Almanac 2006: The Only Complete Guide to the Business of Research, Development and Engineering - Jack W. Plunkett
2006-05

This reference book is a complete guide to the trends and leading companies in the engineering, research, design, innovation and development business fields: those firms that are dominant in engineering-based design and development, as well leaders in technology-based research and development. We have included companies that are making significant investments in research and development via as many disciplines as possible, whether that research is being funded by internal investment, by fees received

from clients or by fees collected from government agencies. In this carefully-researched volume, you'll get all of the data you need on the American Engineering & Research Industry, including: engineering market analysis, complete industry basics, trends, research trends, patents, intellectual property, funding, research and development data, growth companies, investments, emerging technologies, CAD, CAE, CAM, and more. The book also contains major statistical tables covering everything from total U.S. R&D expenditures to the total number of scientists working in various disciplines, to amount of U.S. government grants for research. In addition, you'll get expertly written profiles of nearly 400 top Engineering and Research firms - the largest, most successful corporations in all facets of Engineering and Research, all cross-indexed by location, size and type of business. These corporate profiles include contact names, addresses, Internet addresses,

fax numbers, toll-free numbers, plus growth and hiring plans, finances, research, marketing, technology, acquisitions and much more. This book will put the entire Engineering and Research industry in your hands. Purchasers of either the book or PDF version can receive a free copy of the company profiles database on CD-ROM, enabling key word search and export of key information, addresses, phone numbers and executive names with titles for every company profiled.

Ecoholic: Your Guide to the Most Environmentally Friendly Information,

Products, and Services -

Adria Vasil 2009-07-20

“This book is for people who want to do something to lighten their impact on the planet.” —David Suzuki
Ecoholic is an eye-opening guide to separating the green from the greenwashed in the maze of products lining our shelves. Unlike other eco guidebooks, Ecoholic names names and gives you the dirt on what not to buy and why, as well as the dish on great clothes, beauty products, home supplies, and more. We all know that the earth is in trouble, but we’re often left scratching our heads over how to change things. How do we avoid poisoning the planet and ourselves with the products we slather on our scalps and squirt onto our floors? And what safe alternatives actually get the job done? Filled with tips on everything from which seafood is safe to eat to getting the hormone disruptors out of your kids, your carpets, and your love life, Ecoholic is a witty and indispensable guide to the small ecochoices that make the

biggest difference.

Delivering Exceptional Project Results - Jamal Moustafaev 2010-09-15

“Leading companies that are positioning themselves for the future rather than the present are asking the project managers to participate in project selection, scoping, and estimation as well as management. Delivering Exceptional Project Results offers a glimpse into the future role of the project manager.”
—Harold Kerzner, Ph.D., Best-selling Author, Professor Emeritus, Baldwin-Wallace College “I really enjoyed

reading this book. The chapters, full of valuable insights well beyond the typical project management presentations, are introduced with diverse and engaging historic case examples.

Executives will find the latter part of the book particularly valuable as new solutions are offered for those seemingly intractable problems within project portfolio management.”

—R. Max Wideman, Fellow PMI, AEW Services and Management Consulting
“Delivering Exceptional Project Results is a definite must read for any executive, functional director or project manager.

The author clearly demonstrates how to deliver successful products and services by employing proper project selection, scoping and management techniques. This book provides you with practical, hands-on tools and techniques that can be deployed on your own projects right away.” —Matt Walters, Director of Technology, Tyze Personal Networks This unique “how to” implementation guide

unifies project management, portfolio management, and requirements engineering into one proven, comprehensive best practice framework to help organizations deliver exceptional project results on a consistent basis. It explains best practices for assessing project value, categorizing and prioritizing projects, balancing portfolio mix, determining and managing project pipeline throughput capacity, and aligning strategy to maximize results and minimize risks.

Delivering Exceptional Project Results transcends differences in the various “types” of project management, such as traditional or agile, and focuses on economic principles, methodologies, skills, tools, and techniques that can be applied successfully at companies in any industry. It also includes six downloadable templates for documenting project charters, plans, meeting minutes, change requests, status reports, and summary/lessons learned reports — available from the Web Added Value™ Download

Plunkett's Retail Industry Almanac 2008 - Jack W.

Plunkett 2007-12

No other guide covers the complete retail picture like this exciting new volume. America's retail industry is in the midst of vast changes - superstores and giant discounters are popping up on major corners. Malls are lagging while "power centers" are surging ahead. Savvy firms are combining bricks, clicks and catalogs into multi-channel retail powerhouses. Which are the hottest retailers? What lies

ahead? Our market research section shows you the trends and a thorough analysis of retail technologies, chain stores, shopping centers, mergers, finances and future growth within the industry. Included are major statistical tables showing everything from monthly U.S. retail sales, by sector, to mall sales per square foot, to the 10 largest malls in the US. Meanwhile, the corporate profiles section covering nearly 500 firms gives you complete profiles of the leading, fastest growing retail chains across the nation. From Wal-Mart and Costco to Barnes & Noble and Amazon, we profile the major companies that marketing executives, investors and job seekers most want to know about. These profiles include corporate name, address, phone, fax, web site, growth plans, competitive advantage, financial histories and up to 27 executive contacts by title. Purchasers of the printed book or PDF version may receive a free CD-ROM database of the corporate profiles, enabling export of

vital corporate data for mail merge and other uses.

The Startup Owner's Manual -

Steve Blank 2020-03-17

More than 100,000

entrepreneurs rely on this book

for detailed, step-by-step

instructions on building

successful, scalable, profitable

startups. The National Science

Foundation pays hundreds of

startup teams each year to

follow the process outlined in

the book, and it's taught at

Stanford, Berkeley, Columbia

and more than 100 other

leading universities worldwide.

Why? The Startup Owner's

Manual guides you, step-by-

step, as you put the Customer

Development process to work.

This method was created by

renowned Silicon Valley

startup expert Steve Blank, co-

creator with Eric Ries of the

"Lean Startup" movement and

tested and refined by him for

more than a decade. This 608-

page how-to guide includes

over 100 charts, graphs, and

diagrams, plus 77 valuable

checklists that guide you as

you drive your company toward profitability. It will help you: •

Avoid the 9 deadly sins that destroy startups' chances for success • Use the Customer

Development method to bring your business idea to life •

Incorporate the Business Model Canvas as the

organizing principle for startup hypotheses • Identify your

customers and determine how to "get, keep and grow"

customers profitably •

Compute how you'll drive your

startup to repeatable, scalable profits. The Startup Owner's

Manual was originally published by K&S Ranch

Publishing Inc. and is now available from Wiley. The

cover, design, and content are the same as the prior release

and should not be considered a
