Rewind Your Body Clock - Jayney Goddard 2019-05-14

Packed with science-based insight into what it really means to 'age' and

reminding us that we have far more control over how young we feel and look than most of us realize, this comprehensive guide, by natural health expert Jayney Goddard, offers the ultimate blueprint for anti-ageing the natural way. Our attitudes towards ageing have undergone radical changes in recent years and many women now recognize that beauty and health come not from invasive procedures, fillers or expensive skincare brands but from the inside out. This book is an expert holistic guide on the science of how to age well - not only physically and mentally but also emotionally and even spiritually - covering everything from nutrition, herbal medicine, good breathing, the best exercise, mental attitude, natural skincare, haircare and facelift techniques, hormonal balance, good relationships, the power of nature and the power of sleep. Each chapter includes easily implementable techniques which, while natural, are supported by solid scientific research, with a focus on the neurobiology of happiness and how to develop a 'rewind' mindset. All this is underpinned with biological age tests for readers to try for themselves and, at the end, a specifically designed practical programme called the 'Personal 21-Day Rewind Plan'. The result? Better skin, a leaner body, stronger bones, improved cognitive function, enhanced libido, more energy, improved immune function, increased resistance to degenerative diseases, more resilience against stress and much more. So, while we can't change our chronological age, we can dramatically reduce and even reverse our biological age so that we have plenty more healthy, happy years to look forward to.

Song of the Spine - June Leslie Wieder 2004-04-30

The human spine with its primary and secondary curves looks like a standing wave. Is it possible, asks the author, that energy echoes like a standing wave between these curves in order to maintain the structural and neural integrity of the spine and nervous system? That question led Dr. Wieder into research on the resonance of the spine. Her studies reveal that each bone of the spine has its own tone and frequency, and that applying specific vibrational frequencies directly to the vertebrae generates a sympathetic response that activates the embedded

harmonics that help maintain healthy functioning. This book provides an overview of the history of harmonic healing from ancient times to the present, and chapters on how sound creates form and the neurobiological basis of vibrational healing. But the core of the book is about a vibrational therapy called bone toning, how it was developed and how it can be applied.

The 72 Angels of the Name - Baal Kadmon 2015-08-16

In this book, we will discuss how to communicate with the 72 angels that are associated with the 72 names of God in volume 1 of this series. We will not be using any fancy and complicated rituals. With all due respect to those who plan elaborate rituals, the rituals end up being more of a distraction. The angels do not require certain hours of day or night or certain colors or garb. They are not human that they require such trivialities. Do you think an angel with a limitless mind requires such limited and minute actions to get its attention? This book is for people who want a direct connection. Not those who wish to mire themselves in complexity that in actuality, is contrived. We know where many of those rituals in all those Grimoires come from and I assure you, the complexities are formalities only and not necessary for deep connection with these angels.
