Schliemann and the California

Gold Rush - Wout Arentzen
2014

In this second part of The
Schliemann Diaries we follow
Heinrich Schliemann (the
famous 19th century
archaeologist, trader and
traveller) through his diary on
his second journey: his travels
to America from December
1850 to March 1853. The
original diary was written in
English and for a small part in

Spanish. This publication is a transcription and translation of Schliemann's travel diary. In 1850 the millionaire Schliemann decided to end his job as trader in Russia and to try his luck in the United States. He travelled via Europe to New York and Washington and then via Panama on to the goldfields in California. He made a second fortune in Sacramento with buying gold dust and with banking. After two years he returned to Europe and got married in St Petersburg. In this diary Schliemann describes his travels from the perspective of a wealthy business man in the mid-19th century and writes about the landscape, his visits to the theatre, the hotels he used, his much discussed meeting with the American president, his lucrative banking business in California, etc. His travels and accommodation weren't always without danger. Schliemann describes in detail the extreme heat and humidity, fatal illnesses, rainstorms, floods, mosquitoes, robbers, murderers and swindlers.

Heinrich Schliemann (1822-1890) was a shrewd trader and later in life he became one of the best known archaeologists of the 19th century for discovering the legendary city of Troy and the golden masks of Mycenae. Schliemann also made many travels around the world and recorded his experiences in several diaries. In this series, all Schliemann's travel diaries will be made available to a wider public by means of a transcription, an English translation and an introduction. These publications will present a new image of the trader and archaeologist Heinrich Schliemann and the world in which he lived.

Protecting the Privacy of Customers of Broadband and Other Telecommunications Services (Us Federal Communications Commission Regulation) (Fcc) (2018 Edition) - The

Law The Law Library 2018-10-14
Protecting the Privacy of Customers of Broadband and Other Telecommunications Services (US Federal Communications Commission Regulation) (FCC) (2018 Edition) The Law Library presents the complete text of

the Protecting the Privacy of Customers of Broadband and Other Telecommunications Services (US Federal Communications Commission Regulation) (FCC) (2018 Edition). Updated as of May 29, 2018 In this document, the Federal Communications Commission (Commission) adopts final rules based on public comments applying the privacy requirements of the Communications Act of 1934, as amended, to broadband Internet access service (BIAS) and other telecommunications services. In adopting these rules the Commission implements the statutory requirement that telecommunications carriers protect the confidentiality of customer proprietary information. The privacy framework in these rules focuses on transparency, choice, and data security, and provides heightened protection for sensitive customer information, consistent with customer expectations. The rules require carriers to provide privacy notices that

clearly and accurately inform customers; obtain opt-in or opt-out customer approval to use and share sensitive or non-sensitive customer proprietary information, respectively; take reasonable measures to secure customer proprietary information; provide notification to customers, the Commission, and law enforcement in the event of data breaches that could result in harm; not condition provision of service on the surrender of privacy rights; and provide heightened notice and obtain affirmative consent when offering financial incentives in exchange for the right to use a customer's confidential information. The Commission also revises its current telecommunications privacy rules to harmonize today's privacy rules for all telecommunications carriers, and provides a tailored exemption from these rules for enterprise customers of telecommunications services other than BIAS. Every Day Life in the Massachusetts Bay Colony - George Francis Dow
2020-04-09

A picture of some phases of life in the early days of the Massachusetts Bay Colony is presented in the following pages. It follows many of the every day happenings, the manners and customs of daily life. Few realize how modern are the furnishings and

comforts of our present-day houses and how different was the home life of our ancestors. Chairs were unknown in ordinary English households until a generation or so before the sailing of the Mayflower. Hats were worn at meals and the use of table forks did not become general until the last of the 1600s. Food was placed in the mouth with the knife or the fingers. This is a collection of source materials, somewhat digested, rather than a comprehensive, well-balanced narrative of daily life in the Colony. Contents: Every Day Life in the Massachusetts Bay Colony The Voyage To Massachusetts Their Early Shelters and Later Dwellings How They Furnished Their Houses Counterpanes and Coverlets Concerning Their Apparel Pewter in the Early Days The Farmhouse and the Farmer Manners and Customs Sports and Games Trades and Manufactures Concerning Shipping and Trade From Wampum To Paper Money Herb Tea and the Doctor Crimes and Punishments
