Essentials of Database Management - Jeffrey A. Hoffer 2013-06-17
Readers who want an up-to-date overview of database development and management. Focusing on the topics that leading database practitioners say are most important, *Essentials of Database Management* presents a concise overview designed to ensure practical success for database professionals. Built upon the strong foundation of *Modern Database Management*, currently in its eleventh edition, the new *Essentials of Database Management* is ideal for a less-detailed approach. Like its comprehensive counterpart, it guides readers into the future by presenting research that could reveal the "next big thing" in database management. And it features up-to-date coverage in the areas undergoing rapid change due to improved managerial practices, database design tools and methodologies, and database technology.

Contemporary Strategy Analysis Text Only - Robert M. Grant 2014-09-23
Robert M. Grant combines a highly accessible writing style with a concentration on the fundamentals of value creation and an emphasis on practicality in this leading strategy text. In this new edition, he includes an even greater focus on strategy implementation that reflects the needs of firms to reconcile scale economies with entrepreneurial flexibility, innovation with cost efficiency, and globalization with local responsiveness. This edition also incorporates some of the key strategic issues of today including: post-financial crisis adjustment, the continuing rise of China, India and Brazil, and the increased emphasis on ethics and sustainability. Coverage is also provided on strategy in not-for-profit organizations. *Contemporary Strategy Analysis*, 8th Edition, is suitable for both MBA and advanced undergraduate students. It has been adopted by leading business schools all across the world.

Effective Succession Planning - William Rothwell 2010-04-21
William Rothwell honored with the ASTD Distinguished Contribution Award in Workplace Learning and Performance. The definitive guide to a timely and timeless topic-- now fully revised and updated. As baby boomers continue to retire en masse from executive suites, managerial offices, and specialized or technical jobs, the question is—who will take their places? This loss of valuable institutional memory has made it apparent that no organization can afford to be without a strong succession program. Now in its fourth edition, *Effective Succession Planning* provides the tools organizations need to establish, revitalize, or revise their own succession planning and management (SP&M) programs. The book has been fully updated to address challenges brought on by sea changes such as globalization, recession, technology, and the aftereffects of the terror attacks. It features new sections on identifying and assessing competencies and future needs; management vs. technical succession planning; and ethics and conduct; and new chapters on integrating recruitment and retention strategies with succession planning programs. This edition incorporates the results of two extensive new surveys, and includes a Quick Start guide to help begin immediate implementation as well as a CD-ROM packed with assessments, checklists, customizable guides, and other practical tools.

Diversity in Organizations - Myrtle P. Bell 2011-05-17
DIVERSITY IN ORGANIZATIONS is the first comprehensive, research-based text designed to meet the needs of the diversity course. It provides a solid perspective on the various aspects of organizational diversity, including why diversity is important for organizations, recruiting, retaining, and effectively and fairly utilizing a diverse workforce, and legislation related to diversity. The book conducts in-depth explorations of key racial/ethnic groups, sex and gender, religion, work and family, weight and appearance, physical and mental ability, and sexual orientation. It includes prescriptions on how to become a diversity-friendly employer, include workers often devalued, and how both

dominant and non-dominant group members can work to effect change. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Understanding Management - Richard L. Daft 1994-12-01

Key Issues in Organizational Communication - Owen Hargie 2004-02-24
It is often said that the practice of management is in crisis, and that managers are now finding it harder than ever to develop strategies which withstand the shocks of the marketplace. This illuminating book cuts through these conflicting issues to show how organizational communication plays a vital role in confronting uncertainty. Arguing that many managers fail to adequately consider the communication consequences of the decision making process and its impact on organizational effectiveness, Hargie and Tourish present here numerous organizational communication insights, and show how they reveal a way through these dilemmas. Based on cutting-edge research findings and case studies, this book features contributions from the UK, USA, Canada, New Zealand and Norway, bringing multiple perspectives to this topical subject. The result is a comprehensive guide to organizational communication useful for managers, academics and students.

The New Faces of Organizations in the 21st Century - Mohammad Ali Sarlak 2010

Management - Richard L. Daft 2008-08-01
MANAGEMENT: THE NEW WORKPLACE, 6e International Edition provides an engaging survey of modern management practice that seamlessly integrates classic and contemporary principles. Rather than concentrating on large global enterprises, the text focuses on dynamic small to mid-sized "local" businesses and entrepreneurial issues, giving students valuable real-world insights and practical skills they can readily apply when beginning or continuing their careers. To help students deepen their understanding and hone their skills, numerous skill-building and application exercises appear in every chapter. *MANAGEMENT: THE NEW WORKPLACE*, 6e International Edition also features a streamlined format and impressive ancillary package that make it affordable, flexible, well-suited to any course, and effective for students of diverse backgrounds and interests.

Corporate Innovation - Donald F. Kuratko 2018-11-27

Effectiveness is the underlying theme for this introduction to disruptive innovation. The book tells the manager, or student, what they need to know in transforming the thinking in an organization to an innovative mindset in the twenty-first century. *Corporate Innovation* explains the four stages of the innovation process, and demonstrates how to improve skills in the innovation process, and unleash personal innovative abilities. This book also presents ways to assess the organization's attitudes toward innovation, providing insights into how to diagnose creative and innovative performance problems in the organization. Beginning with an overview of concepts involved with an innovative organization today, this book explores the fundamental aspects of the individual, the organization and the implementation. An I-Organization is a combination of: I-Skills developed within individuals I-Design thinking functions needed to shape innovation I-Teams that emerge from the HR perspective of structuring the appropriate climate I-Solution needed to provide a foundation for implementing any innovative ideas. Essential reading for students of corporate innovation, corporate ventures, corporate strategy, or human resources, this book also speaks to the specific needs of active managers charged with the expectation of enhancing the innovative prowess of their organization. Instructors' outlines, lecture slides, and a test bank round out the ancillary online resources for this title.

Organization Structures - Helmy H. Baligh 2006-01-27

Organization Structures: Theory and Design, Analysis and Prescription describes how to organize people to achieve a desired outcome. This is accomplished by establishing sets of rules from "real world" organization contexts. Moreover, the development of these rules within "real world" contexts means that the rules must be true, general, operational, technically sound, and easy to use. With an understanding of rules and the processes of their use, organization structures can be identified, which in turn form the basis of a theoretical framework. This book discusses, examines, and demonstrates the interrelationship of the design rules, their theoretical use within these organization structures, along with their practical implications. Throughout the book, an extended example of the Masters Brewing Corporation (MBC) is used to illustrate the conceptual material and to make the implications of the organizational analysis explicitly concrete.

Managing the Business of Sport - Linda Trenberth 2013-03

Contemporary sport is both a sophisticated and complex international business and a mass participatory practice run largely by volunteers and community organizations. This authoritative and comprehensive introduction to the theory and practice of sports management helps to explain the modern commercial environment that shapes sport at all levels and gives clear and sensible guidance on best practice in sports management, from elite sport to the local level. The book is divided into three sections. The first examines the global context for contemporary sports management. The second explores the key functional areas of management, from organization and strategy to finance and marketing, and explains how successful managerial techniques can be applied in a sporting context. The final section surveys a wide range of important issues in contemporary sports management, from corporate social responsibility to the use of information and communication technologies. Together, these sections provide a complete package of theory, applied practical skills and a state-of-the-art review of modern sport business. With useful features included throughout, such as chapter summaries and definitions of key terms, and with each chapter supported with real-world data and examples, this book is essential reading for all students of sport management and sport business.

Intimacy - Osho 2007-04-01

One of the greatest spiritual teachers of the twentieth century shares his wisdom about building loving relationships in *Intimacy: Trusting Oneself*

and the Other. "Hit-and-run" relationships have become common in our society as it has grown more rootless, less tied to traditional family structures, and more accepting of casual sex. But at the same time, there arises an undercurrent of feeling that something is missing—a quality of intimacy. This quality has very little to do with the physical, though sex is certainly one possible door. Far more important is a willingness to expose our deepest feelings and vulnerabilities, with the trust that the other person will treat them with care. Ultimately, the willingness to take the risk of intimacy has to be grounded in an inner strength that knows that even if the other remains closed, even if that trust is betrayed, we will not suffer any permanent damage. In this gentle and compassionate guide, Osho takes his readers step-by-step through what makes people afraid of intimacy, how to encounter those fears and go beyond them, and what they can do to nourish themselves and their relationships to support more openness and trust. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the *Sunday Times* of London as one of the "1000 Makers of the 20th Century" and by *Sunday Mid-Day* (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world.

Empowerment Series: Understanding Human Behavior and the Social Environment - Charles Zastrow 2019-01-31

UNDERSTANDING HUMAN BEHAVIOR AND THE SOCIAL ENVIRONMENT, 11th Edition, looks at the lifespan through the lens of social work theory and practice, covering human development and behavior theories within the context of individual, family, group, organizational, and community systems. Using a chronological lifespan approach, the book presents separate chapters on biological, psychological, and social impacts at the different lifespan stages with an emphasis on strengths and empowerment. Part of the Brooks/Cole Empowerment Series, this edition is up to date and thoroughly integrates the core competencies and recommended behaviors outlined in the current Educational Policy and Accreditation Standards (EPAS) set by the Council on Social Work Education (CSWE). Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Management and Organization Theory - Jeffrey A. Miles 2012-01-30

Management and Organization Theory offers a summary and analysis of the 40 most popular, researched, and applied management and organization theories. This important resource includes key instruments used to measure variables in each theory and examines pertinent questions about the theory: strengths and weaknesses, practical applications, and the seminal articles published on each theory. "This is a remarkable book. Jeffrey Miles clearly explains and synthesizes 40 major theories of management and organization in an easily accessible and engaging style. Well researched, comprehensive in its coverage, thorough, balanced, and fair in its analyses of theories, the book is destined to be a major authoritative reference in the field. It is one of the most readable, informative, and useful books I have read. I strongly recommend it." —Shaker A. Zahra, department chair, Robert E. Buuck Chair, and professor, Strategic Management and Organizations Department, University of Minnesota "This book provides a terrific advantage to any student or manager seeking to grasp the fundamental concepts that explain organizations and the behavior of people within them." —Richard L. Daft, author, *The Executive and the Elephant: A Leader's Guide to Building Inner Excellence*; and the Brownlee O. Currey Jr. Professor of Management, Owen Graduate School of Management, Vanderbilt University "An easy-to-read summary of some of the most critical theories in the field of management—theories that have implications not just for scholars, but for practicing managers as well." —Jay Barney, professor of management and human resources, and Chase Chair for Excellence in Corporate Strategy, Fisher College of Business, The Ohio State University

Management - Richard L. Daft 2015-01-01

MANAGEMENT, 12E includes several innovative pedagogical features to help students understand their management capabilities and learn what it's like to manage in an organization today. Each of the 19 chapters begins with an opening questionnaire that engages the reader's interest, directly connects to the topic of the chapter, and enables students to see how they respond to situations and challenges that real-life managers typically face. A New Manager Self-Test in each chapter provides students with further insight into how they would function in the real

world of management. The Remember This bullet-point summaries at the end of each major chapter section give students a snapshot of the key points and concepts covered in that section. The end-of-chapter questions have been carefully revised to encourage critical thinking and application of chapter concepts, and Small Group Breakout exercises give students the opportunity to apply concepts while building teamwork skills. Ethical dilemmas, all-new end-of-chapter cases, and a fully updated set of On the Job video cases help students sharpen their diagnostic skills for management problem solving. The chapter sequence in MANAGEMENT is organized around the management functions of planning, organizing, leading, and controlling. These four functions effectively encompass management research and the characteristics of the manager's job. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Business Information Systems - Witold Abramowicz 2012-02-02

This book contains the refereed proceedings of the 14th International Conference on Business Information Systems, BIS 2011, held in Poznań, Poland, in June 2011. The 25 revised full papers were carefully reviewed and selected from 57 submissions. Following this year's conference theme of "Towards Flexible, Personalized and Adaptive Business Applications," the contributions were grouped into eight sections on business rules, business process verification, business process variants and composition, business process improvement, data modeling and integration, Internet science, modern enterprises, and specific business information systems issues.

Organization Theory and Design - Richard L. Daft 2010

Discover the most progressive thinking about organisations today, as Richard Daft balances recent innovative ideas with proven classic theories and effective business practices.

Organization Theory and Design - Richard L.. Daft 2018

Organizational Behavior in Health Care - Nancy Borkowski 2009-12-23

Organizational Behavior in Health Care was written to assist those who are on the frontline of the industry everyday—healthcare managers who must motivate and lead very diverse populations in a constantly changing environment. Designed for graduate-level study, this book introduces the reader to the behavioral science literature relevant to the study of individual and group behavior, specifically in healthcare organizational settings. Using an applied focus, it provides a clear and concise overview of the essential topics in organizational behavior from the healthcare manager's perspective. Organizational Behavior in Health Care examines the many aspects of organizational behavior, such as individuals' perceptions and attitudes, diversity, communication, motivation, leadership, power, stress, conflict management, negotiation models, group dynamics, team building, and managing organizational change. Each chapter contains learning objectives, summaries, case studies or other types of activities, such as, self-assessment exercises or evaluation.

Principles of Management - Openstax 2022-03-25

Principles of Management is designed to meet the scope and sequence requirements of the introductory course on management. This is a traditional approach to management using the leading, planning, organizing, and controlling approach. Management is a broad business discipline, and the Principles of Management course covers many management areas such as human resource management and strategic management, as well as behavioral areas such as motivation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters. Contributing Authors David S. Bright, Wright State University Anastasia H. Cortes, Virginia Tech University Eva Hartmann, University of Richmond K. Praveen Parboteeah, University of Wisconsin-Whitewater Jon L. Pierce, University of Minnesota-Duluth Monique Reece Amit Shah, Frostburg State University Siri Terjesen, American University Joseph Weiss, Bentley University Margaret A. White, Oklahoma State University Donald G. Gardner, University of Colorado-Colorado Springs Jason Lambert, Texas Woman's University Laura M. Leduc, James Madison University Joy Leopold, Webster University Jeffrey Muldoon, Emporia State University James S. O'Rourke, University of Notre Dame

Organizational Theory in Higher Education - Kathleen Manning 2017-09-14

The second edition of Organizational Theory in Higher Education is a comprehensive and accessible treatment of organizational theory and higher education administration. Noted scholar Kathleen Manning offers a fresh take on the models and lenses through which higher education

can be viewed by presenting a full range of organizational theories, from traditional to current. Chapters discuss the disciplinary foundation, structure, metaphor, assumptions, characteristics, and other elements of each organizational theory and conclude with cases highlighting practical applications. Questions for discussion are provided at the end of each chapter and embedded in the cases to assist the reader in making connections to their practice. Manning's rich, interdisciplinary treatment enables readers to gain a full understanding of the perspectives that operate on a college campus and ways to adopt effective practice in the context of new and continuing tensions, contexts, and challenges. New to this Edition: revised chapters with updated material and new references that reflect current higher education issues including climate change; a new chapter on Institutional Theory, an expanded Feminist and Gendered chapter, and an enhanced Spirituality chapter; new cases throughout to address contemporary issues, and a broader range of institutional types including Historically Black and Hispanic-Serving institutions and 2-year institutions; additional theoretical topics including critical race theory, queer theory, and contemplative practices; updated and enhanced questions for discussion and recommended readings.

Understanding Management - Richard L. Daft 2016-01-18

Organization Theory and Design - Richard L. Daft 2015-05-11

Organizations must adapt to changing and often challenging environments. This third Canadian edition helps students understand and design organizations for today's complex environment. The concepts and models offered in this text are integrated with changing events in the real world, presenting the most recent thinking and providing an up-to-date view of organizations. Detailed Canadian examples and cases capture the richness of the Canadian experience, while international

examples accurately represent Canada's role in the world.

Environmental Communication. Second Edition - Richard R. Jurin 2010-07-20

Environmental professionals can no longer simply publish research in technical journals. Informing the public is now a critical part of the job. Environmental Communication demonstrates, step by step, how it's done, and is an essential guide for communicating complex information to groups not familiar with scientific material. It addresses the entire communications process, from message planning, audience analysis and media relations to public speaking - skills a good communicator must master for effective public dialogue. Environmental Communication provides all the knowledge and tools you need to reach your target audience in a persuasive and highly professional manner. "This book will certainly help produce the skills for environmental communications sorely needed for industry, government and non-profit groups as well as an informed public". Sol P. Baltimore, Director, Environmental Communications and Adjunct faculty, Hazardous Waste management program, Department of Chemical Engineering, College of Engineering, Wayne State University, Detroit, Michigan. "All environmental education professionals agree that the practice of good communications is essential for the success of any program. This book provides practical skills for this concern". Ju Chou, Associate Professor, Graduate Institute of Environmental Education National Taiwan Normal University Taipei, Taiwan

Organization Development and Change - Thomas G. Cummings 2006

Brooks/Cole Empowerment Series: Generalist Practice with Organizations and Communities - Karen K. Kirst-Ashman 2014-01-01
EMPOWERMENT SERIES: GENERALIST PRACTICE WITH ORGANIZATIONS AND COMMUNITIES, 6th Edition is designed to help students better understand the dynamics of macro practice, and develop the competencies and practice behaviors required by the Council on Social Work Education's (CSWE) latest Educational Policy and Accreditation Standards (EPAS). Authors Karen Kirst-Ashman and Grafton Hull are adept at creating interesting, realistic cases and practical examples that are skillfully woven into the main text. In clear and accessible writing, the authors emphasize the practical skills students will need to work effectively in the area of macro practice--providing leadership, working with supervisors, managing conflict, working with the media, using new technological advances, fundraising, grant writing, and managing stress. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

You will examine emerging topics, including enhancement of emotional intelligence, leadership vision and courage, leadership of virtual teams, and open innovation, and will connect those topics to recent world events such as ethical scandals and political turmoil. Packed with memorable examples and unique insights into actual leadership decisions, this full-color text includes crisp, clear visuals to reinforce the book's engaging presentation. This edition's proven applications, specifically designed for today's leadership theory and applications course, and a solid foundation grounded in established scholarly research make the topic of leadership come alive. In addition, THE LEADERSHIP EXPERIENCE is available with CengageNOW for the first time. CengageNOW provides an integrated text and online learning solution that enhances understanding of course content and offers opportunities to extend learning. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Executive and the Elephant - Richard L. Daft 2010-08-02

Lessons for leaders on resolving the ongoing struggle between instinct and the creative mind Kings, heads of government, and corporate executives lead thousands of people and manage endless resources, but may not have mastery over themselves. Often leaders know that right action is important, but have little (if any) understanding of what prevents them from acting in accordance with their intentions. In this important book, leadership expert Richard Daft portrays this dilemma as a struggle between instinct (elephant) and intention (the executive) using the most current research on the intentional vs. the habitual mind to explain how this phenomenon occurs. Based on current research and real-life examples Offers leaders a method for directing themselves more productively Written by an expert in leadership, organizational performance, and change management Through real-life examples and recent studies in psychology, management and Eastern spirituality Daft provides guidance to all of us who struggle finding our own balance and cultivating the behavior of others.

Fusion Leadership - Richard L. Daft 2000

Showing managers how to break out of the prison of hierarchical structure by emphasizing intellectual, emotional, and spiritual qualities, the authors creatively integrate new science and systems theory management ideas and present practical applications.

Encyclopedia of Management Theory - Eric H. Kessler 2013-03-01

In discussing a management topic, scholars, educators, practitioners, and the media often toss out the name of a theorist (Taylor, Simon, Weber) or make a sideways reference to a particular theory (bureaucracy, total quality management, groupthink) and move on, as if assuming their audience possesses the necessary background to appreciate and integrate the reference. This is often far from the case.

Individuals are frequently forced to seek out a hodgepodge of sources varying in quality and presentation to provide an overview of a particular idea. This work is designed to serve as a core reference for anyone interested in the essentials of contemporary management theory. Drawing together a team of international scholars, it examines the global landscape of the key theories and the theorists behind them, presenting them in the context needed to understand their strengths and weaknesses to thoughtfully apply them. In addition to interpretations of long-established theories, it also offers essays on cutting-edge research as one might find in a handbook. And, like an unabridged dictionary, it provides concise, to-the-point definitions of key concepts, ideas, schools, and figures. Features and Benefits: Two volumes containing over 280 signed entries provide users with the most authoritative and thorough reference resources available on management theory, both in terms of breadth and depth of coverage. Standardized presentation format, organized into categories based on validity and importance, structures entries so that readers can assess the fundamentals, evolution, and impact of theories. To ease navigation between and among related entries, a Reader's Guide groups entries thematically and each entry is followed by Cross-References. In the electronic version, the Reader's Guide combines with the Cross-References and a detailed Index to provide robust search-and-browse capabilities. An appendix with a Chronology of Management Theory allows readers to easily chart

directions and trends in thought and theory from early times to the present. An appendix with Central Management Insights allows readers to easily understand, compare, and apply major theoretical messages of the field. Suggestions for Further Reading at the end of each entry guide readers to sources for more detailed research and discussion. Key themes include: Nature of Management Managing People, Personality, and Perception Managing Motivation Managing Interactions Managing Groups Managing Organizations Managing Environments Strategic Management Human Resources Management International Management and Diversity Managerial Decision Making, Ethics, and Creativity Management Education, Research, and Consulting Management of Operations, Quality, and Information Systems Management of Entrepreneurship Management of Learning and Change Management of Technology and Innovation Management and Leadership Management and Social / Environmental Issues PLUS: Appendix of Chronology of Management Theory PLUS: Appendix of Central Management Insights **Honor, Patronage, Kinship, & Purity** - David A. deSilva 2022-10-04 In this thoroughly revised and expanded edition of a milestone study, a careful explanation of four essential cultural themes offers readers a window into how early Christians sustained commitment to distinctly Christian identity and practice, and with it, a new appreciation of the New Testament, the gospel, and Christian discipleship.
